CORIBO ISLAND E. E. EDGEE

U. S. GEOLOGICAL SURVEY
BULLETIN NO. 100
WASHINGTON, D. C.
1902

You will please excuse us for not getting this catalog out earlier
Our supply of catalogs was destroyed by fire, which made it necessary for us to print a new one.

CARIBOU ISLAND SEEDS 1938

This is our fourth year of growing flower and vegetable seeds that will mature in Alaska, and of gathering wildflower seeds from our mountains, valleys and lake-shores.

We do not offer for sale any seeds that we, ourselves, have not raised or gathered.

The cultivated seeds are tested before packed. We do not test the wildflower seeds because so many take too long to germinate but we are very careful in selecting them.

Please don't be impatient if your order does not arrive as soon as you expect. Sometimes it takes quite a long time for mail to go through, especially during the break-up.

Send money orders, checks or stamps.
Make money orders payable at the Seward P. O. Send all orders to:

CARIBOU ISLAND SEEDS
Caribou Island. Skilak Lake.
SEWARD ALASKA

ACONITUM delphinifolium. Monkshood.
Purple, hooded flowers. 3 ft. 20 c.

ANEMONE narcissiflora. A beautiful,
white flower. Very fragrant. 8 to 12 in. 50 c.

ALASKA WILDFLOWER SEEDS.

heads of lavender tipped with magenta,
Try it by the pool. 18 in. 20 c.

CAMPANULA alaskana. Alaska's most
cherished bluebell. Lovely on the rock
wall. 10 in. 20 c.

Campanula lasiocarpa. 2 to 4 in. Blue.
Seed very scarce. 50 c.

CAPNOIDES sempervirens. *Corydalis*.
Biennial. 2 ft. Glaucons foliage; flowers
pink tipped with yellow. 20 c.

CASTELLEJA lutescens. Indian Paint-
brush. 10 to 18 in. Yellow. 20 c.

CERASTIUM arvense. 6 in. Forms thick
mat, starred with tiny white flowers. Best
for rockery. 20 c.

CHRYSANTHEMUM arcticum. Ox-eye
daisy. White. 12 in. 20 c.

DELPHINIUM brownii. 4 to 6 ft. Deep
purple. Fine for pool background. Grows
well in shade. 15 c.

DIANTHUS repens. 4 to 6 in. One of the
choicest of Alaskan wild plants for rockery.
This pink has glaucous foliage and rosecol-
ored flowers, bordering on orchid. Likes
sandy soil. 50 c.

DODECATHEON frigidum. Shooting
Star. 8 in, Rose, cyclamen-like flowers.
20 c.

DRABA nivalis. 6 in. Evergreen tufts
covered, in early spring, with bright, yellow
flowers. Unexcelled rock plant. 20 c.

DRYAS octopetala. 4 in. Lovely alpine.
White with yellow center. 20 c.

EPILOBIUM latifolium. 1 ft. Large,
bright, rose flowers. Does well in sand.
Beautiful in rockery. 20 c.

ERIGERON *compositus*. Fleabane.
Attractive, small, white daisies on 2 to 4 in.
stems. Foliage; a low mass of gray, hairy,
much-parted leaves. 20 c.

ERIGERON *perigrinum*. 1 ft. Yellow
discs with ray flowers that turn a pretty pink
as they grow older. Stay in bloom a long
time. 20 c.

FRITILLARIA *chamtschatcensis*. Indian
Rice Lily. Also called Black Lily. 12 to 18
in. Their deep chocolate color blends attract-
ively with orange Iceland Poppies. 20 c.

GALIUM *boreale*. Northern Bedstraw.
1 ft. Sprays of tiny white flowers. Very
fragrant. Used as filler for bouquets. 20 c.

GERANIUM *erianthum*. Mountain gera-
nium. 18 in. Color; a beautiful blue. 50 c.

HERACLEUM *lanatum*. Cow Parsnip.
6 to 8 ft. Bold, large-leaved plant for back-
ground of pool or among shrubbery. Small
white flowers form umbels a foot or more
across. A favorite of bees and butterflies,
10 c.

HEUCHERA *glabra*. 1 ft. Here is a
Heuchera which you will find entirely hardy.
Wants its roots wedged tightly between the
rocks. 20 c.

IRIS setosa. Alaska's Iris, that loves wet places but also grows well in ordinary garden soil. 24 in. Blue. 15 c.

LATHYRUS maritimus, Beach Pea. A fine ground-cover for sandy banks. Flowers, purple and rose. Trailing to 36 in. 15 c.

LUPINUS arcticus. The mountain lupine that is also found along the lake-shores. Blue, with hairy buds, 10 to 15 in. 20 c.

LUPINUS nootkatensis. A bushy plant up to 3 ft. high. Color: ranges from blue or light purple to nearly white. 20 c.

MERTENSIA paniculata. Timber-bells. 2 to 3 ft. Buds pink, opening to blue. 40 c.

MYOSOTIS alpestris, Our wild Forget-me-not. Blue. 6 to 10 in. 15 c.

OXYTROPIS campestris. Loco. Pale yellow, clover-like blossoms. Grayish foliage. A very pretty rock-plant. 20 c.

PARNASSIA palustris. Glossy, white stars on long, naked stems. Very little foliage. Likes wet ground. 6 to 12 in. 20 c.

PAPAVER pygmaeus. Tiny pink alpine poppy. 4 in. Quite rare. Seed limited. 50 c.

PENSTEMON. (Species undetermined.)
Blue and purple with blue predominating.
About a foot high. 20 c.

POLEMONIUM coerulium. Jacob's Ladder,
From 1 to 2 ft. Deep to pale blue. 20 c.

POLEMONIUM pulcherrimum. Numerous
sprays of early blooming, clear blue flowers.
For your rock-garden. 8 in. 20 c.

POTENTILLA villosa. Silky Fivefinger.
Silky, furred, strawberry-like leaves with
silvery sheen, Yellow flowers. A fine plant
for the rockery. 4 to 6 in. 20 c.

ROSA acicularis. Alaska's wild Rose.
Color: deep rose. 3 to 5 ft. 15 c.

SAXIFRAGA tricuspidata. Foliage
takes on autumn hues in winter. 6 in. 20 c.

SOLIDAGO multiradiata. Goldenrod,
Blooms here in July. Deep golden flowers
form splashes of brilliant yellow in the rock-
ery. About 14 in. high. 20 c.

SWERTIA perennis. Interesting plant of
the gentian family. Flowers are of poor
color, being a dark purple, sometimes nearly
gray, but of exquisite shape. 20 c.

FERNS.

We have not had the ferns classified but have sent several orders to persons who wanted Alaska ferns.

Four different kinds. \$1.75

Seven different kinds including the rare *Botrychium lunaria*. \$3.00

One plant of *B. lunaria*. 75 c.

FRITILLARIA camtschatcensis. Bulbs.

IRIS setosa. Roots.

ALLIUM sibiricum. Clumps.

Each, 40 c. 3 of one kind. \$1.00

PLANTS. (Postage extra. 25 c. for 3 plants)

POTENTILLA fruticosa. Tundra Rose.
Shrubby plant with bright yellow flowers.
Grows about 2 ft. high.

ROSA acicularis. Deep rose. 3 to 5 ft.

SPIRAEA steveni. Flowers form small white umbels. 2 to 3 ft.

Three plants of one kind. \$1.00

TREE SEEDS.

Pkt. 25 c.

PICEA glauca. White Spruce.

P. mariana Black Spruce.

TSUGA mertensiana. Mtn. Hemlock.

POPULUS trich hastata Cottonwood.

BETULA Kennica. Kenai Birch. Brown bark.

B. neolackana. Alaska white birch. White bark.

ALASKANS!

It seems that nearly everything offered for sale these days is the **BEST** but, as we dislike the indiscriminate use of superlatives we want to say only, that Caribou Island Seeds are **GOOD** seeds and will grow if given the proper treatment. We test them to make sure that they are good and we check this test by planting them in our garden.

Compare our seeds with those from the "Outside" by planting them only a **FEW FEET APART**.

Here are a few extracts from letters we have received.

CASWELL, ALASKA.

... All except one or two strawberry plants are growing nicely. Vegetables grown from your seeds forging ahead. I believe every seed of the Alaska peas came up. ...

CHITENA, ALASKA.

... I was much interested in my friend's garden and her success with your seeds. ...

DAWSON, Y. T.

... Some of my neighbors have had such good results with your seeds. ...

TORONTO, CAN.

... The pansy seeds were the finest I have ever had. ...

IRON MOUNTAIN, MICH.

... Every seed (pansy) must have germinated. ...

VEGETABLE SEEDS. 5 c. a pkt.

CABBAGE. Early.

Golden Acre.

Copenhagen Market.

Savoy. Curly.

Danish Red. Red.

ONION. A hardy multiplying perennial.

TURNIPS.

Yellow Purple Top. Rutabaga.

Early Neckless. Rutabaga.

Early Sweet Perfection. Rutabaga.

Early Purple Top Milan.

Caribou Island Purple Top.

Early Flat Dutch.

White Egg.

Petrowsky.

KOHL-RABI.

White Vienna.

Purple Vienna.

CARROT. Danver's Half Long.

PARSNIP Improved Guernsey.

SPINACH. Princess Juliana.

RADISH. Saxa.

RHUBARB. Green.

PEAS.

Early Alaska. 3 oz. pkt. 15 c.

Dwarf Gray Sugar. " "

CULTIVATED FLOWER SEEDS.

Pkt. 10 c.

Perennials.

ALYSSUM saxatile. Basket of Gold.
Yellow. 10 in.

ARABIS. White. 10 in.

CENTAUREA montana. Batchelor But-
ton. Deep blue. 2 ft.

CHEDDAR Pinks. Shades of pink. 12 in.

COLUMBINE. Mixed colors. 3 ft.

ELDER daisy. Early white Shasta. 2 ft.

rose, pink, and white daisies. 2 ft.

SWEET WILLIAM. A profusion of
beautiful colors. About 12 in.

CARIBOU ISLAND IMMORTELES.

Artistically arranged bouquets of several
kinds of dried flowers in bright, natural col-
ors of blue, rose, lavender, yellow, orange, red
and white. Keep for years, and have not the
artificial appearance of fabricated flowers.

They are real flowers, cured. A frill of col-
ored cellophane does much to enhance their
beauty. Have sold readily in Seward, Nome,

Seldovia and Kenai, but we haven't been able to find dealers elsewhere who would handle them at a reasonable profit. So, if you don't find them on sale in your town, order direct from us, under a moneyback guarantee that you will be satisfied. Postpaid. 75 c.

CULTIVATED FLOWER SEEDS.

Pkt. 10 c.
